About Us

On November 7, 2018, 17 startups and 400+ students came together for the 6th annual Startup Fair LA, previously known as the Bruin Startup Fair. With the positive feedback we've received from companies and students alike, we are pleased to present Startup Fair LA 2019! With a combined 700 active members and over 1500 engineers in our network, you will be able to meet some of the best and brightest that UCLA has to offer. Startup Fair LA will be an excellent opportunity for local startups to recruit interns and full-time employees, and we would love for you to be a part of it!

Through this opportunity, you will be able to:

1. Recruit the most driven and motivated subsets of the UCLA student body for positions in engineering, design, marketing, operations, and many other fields;
2. Secure the most promising summer interns before the peak of internship recruiting season;
3. Advertise your company brand through the website, shirt, and all marketing materials; and
4. Meet and network with other up-and-coming startups.
